

Mimosas & Bible Study

Rediscovering Scripture as Good News for Everyone

Open your mind and rediscover the Bible as good news!

You are invited to a new Interactive Bible Study being held in the apartment home of Dale and Shelly Suggs.

Using the New Testament letter of Ephesians as our guide, we will examine how thought about God progresses, how language about Christ is challenged, and how the role of the church may not be what we thought.

Consider this:

“What if our calling as followers of Jesus is to proclaim that forgiveness is real, to celebrate each and every person for who they are, and to embody compassion as a way of life?”

Curious? Come experience it in person.

The mimosas will be cold. The coffee will be hot. And the conversation will be both intoxicating and awakening! We look forward to spending the morning with you.

BELOVED
